

Weekday Event Parking at RiverPark Center

Downtown Owensboro is a busy place – especially Monday through Friday!

Please be aware that parking near RiverPark Center can be limited Monday through Friday. The parking garage across the street is the most convenient, but only offers thirty (30) 2-hour limit, non-reserved spots on the first level. An additional 45 spots are available on the 5th floor (top level), which are not marked.

RiverPark Center can provide all-day parking tags at a cost of \$2 each for the parking garage; however, parking is still subject to availability. **The tags do not guarantee parking availability in the garage** and they do not allow parking in reserved permit spaces.

Additional parking options:

Alternative parking is available in several nearby parking lots (see insert map). The most open parking is just one-block East, under the blue bridge. This is the Wax Works/Video Works parking lot, and they allow RiverPark guests to park there at no charge.

Additional parking arrangements may also be made with First Baptist Church (corner of 2nd and Daviess streets) or Settle Memorial Church (corner of 3rd and Daviess streets); however, these arrangements must be made through RiverPark Center at least 30-days prior to your event.

Street parking. Free parking is available along all downtown Owensboro streets, but is limited to 2-hours. There is free all-day street parking along 2nd Street approximately 2 blocks east of RiverPark Center.

Thank you for your understanding of the weekday event parking challenges. We are here to help make your event at RiverPark very successful and we are pleased to help find parking options for your attendees – we just ask that you inform your guests of these challenges well in advance of your event and again just before arrival.

We are here to help. Please call Event Coordinator Kim Newcomb (270-687-2770) for more information.
